Coura Minho

Eco-Código 2009-2010

Para o Ambiente ajudar
nas energias renováveis devemos apostar

Para a energia poupar
no botão não te esqueças de carregar

Para o Ambiente poupar
os transportes públicos debes usar

A água devemos respeitar
que os Mundos nunca venha a faltar

Os nós não vão sugar
porque seres vivos não quero matar

Para o oxigénio não acabar
as árvores devemos plantar

Para a temperatura não aumentar
a energia devemos poupar

Pesticidas não debes usar
se bom alimentos queres conservar

Reciclar, reciclar e reciclar
deve ser um passo a dar

Recicla no presente
para no futuro o Mundo ser diferente
